- * Find child’s birth month and year to see League Division options
- * If child’s birth month and year falls in box shaded with two colors then parent has option on what league to play

Tball

Division I

Division II

Little League

Summarization of League Age Modification:

The WC Pee Wee League will begin taking steps to align our age determination policy with that of Little League International. As a result, WC Pee Wee makes the following changes:

Child Born after April 30th, 2010:

For any newly eligible Pee Wee child, their league age will be determined off calendar year (January 1st to December 31st). Therefore, their league age is the child’s age on January 1st of that year.

Child born before May 1st, 2010:

For any child born before May 1st, 2010, their league age will be determined under previous guidelines. Therefore, their league age is the child’s age on April 30th of that year.

For more information regarding WC Pee Wee league age policy visit our website at www.wcpeewee.com or contact a board member (from our website)

For more information regarding the Little League International’s league age policy visit their website at www.littleleague.org
